Questions concerning **Course Evaluations**?

Contact CourseEvals@kennesaw.edu

Access Course Evaluations and Reports Below

Please login using your full KSU email address and password.

LOG IN

Per the Faculty Senate resolution passed in February 2020, as a way to increase student response rates for course evaluations, KSU has implemented a process by which students will not be able to see their grades in Owl Express/Banner without either completing their course evaluations or opting out of the opportunity to provide course feedback.

To retrieve your course evaluations, log in to Watermark Insights at <https://login.watermarkinsights.com/connect/kennesaw> or at <https://courseevals.kennesaw.edu/>.

All course reports for the semester should appear after clicking that semester. Click the PDF icons to download a copy of each course report. (Note, clicking on the report link usually opens it in another browser.)

Navigate to Faculty Success by selecting it from the application list found at your account menu.

[Review a guide](#) to manage your activities.

We have made some changes in how your data in Digital Measures Activity Insight will appear. The purpose is to make a simpler, more sensible appearance to users. We will maintain all existing data, so do not panic if you don't see your data where you thought it would be — it's probably on a screen that's been moved or renamed. If you have any questions, please email digitalmeasures@kennesaw.edu.

There is a specific place for student course evaluations. You'll want to do two things:

1. Upload the file to the indicated space, and
2. Click the box that says "Include File in List of Links"

Remember to save the page when you're done.

If you scroll lower on the page, there is a place to upload additional teaching materials you'd like to share. This is true for almost every Activities page in Watermark. Any document you'd like considered can be linked in your Interactive Vita (certificates, publications, presentations, etc.) by uploading to the corresponding activity item and clicking the "Include File in List of Links" box.
